# Instructions for Form 5500-EZ

Annual Return of One-Participant (Owners and Their Spouses) Retirement Plan

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form 5500-EZ and its instructions, such as legislation enacted after they were published, go to www.irs.gov/form5500ez.

#### What's New

IRS Electronic Filing Requirements. On September 29, 2014, the Department of the Treasury and the IRS issued final regulations under sections 301,6058-2 of the Procedure and Administration Regulations (electronic filing regulations) that require certain plan administrators (or, in certain situations, an employer maintaining a retirement plan) to electronically file Form 5500 series returns (see T.D. 9695, 79 F.R. 58256 at www.irs.gov/irb/ 2014-42 IRB/ar06.html). Under the electronic filing regulations, you are required to file the Form 5500-SF, Short Form Annual Return/Report of Small Employee Benefit Plan, electronically using the ERISA Filing Acceptance System (EFAST2) instead of filing a paper Form 5500-EZ If you are required to file at least 250 returns of any type with the IRS, including information returns (for example, Forms W-2 and Forms 1099), income tax returns, employment tax returns, and excise tax returns, during the calendar year that includes the first day of the applicable plan year. The electronic filing requirement under the regulations for Form 5500 series returns applies to plan years that begin on or after January 1, 2015, but only for filings with a filing deadline (not taking into account extensions) after December 31, 2015. However, IRS may waive the electronic filing requirement for filers of one-participant plans and certain foreign plans in the case of undue economic hardship. For information on filing a request for a hardship walver, see Rev. Proc. 2015-47, 2015-39 I.R.B. 419, available at <u>www.irs.gov/irb/</u> 2015-39 IRB/ar16.html. For more information regarding the electronic filing requirement, see How To File.

Participant information. Questions on line 6 have been split and added for active participants and number of participants that terminated employment during the plan year with accrued benefits that were less than 100%

IRS Compliance Questions. New IRS compliance questions were added to lines 13 through 16. The IRS has decided not to require plan sponsors to complete these questions for the 2015 plan year, and plan sponsors should skip these questions when completing the form.

IRS Late Filer Penalty Relief Program. The Department of the Treasury and the IRS established a permanent penalty relief program for late annual reporting

THIS DYFORMATION IS FURNISHED UNDER THE PROVISIONS OF AN UNCOSE TAX THEATT WITH A FOREIGN GOVERNMENT, ITS USE AND DISCLOSURE MUTT BE COVERNED BY THE PROVISIONS OF THAT TREATY

for non-Title I retirement plans effective June 3, 2015. This late filer penalty relief program facilitates voluntary compliance by plan administrators and plan sponsors who are delinquent in filing their annual return under section 6058 by permitting plan administrators and sponsors to pay a reduced monetary penalty for delinquent filing by voluntarily complying with their IRS annual reporting obligations. If the Form 5500-EZ is being filed under this late filer penalty relief program, the applicant must print in red letters in the top margin above the form's title on the first page of the return: "Delinquent Return Submitted under Rev. Proc. 2015-32, Eligible for Penalty Relief." Each submission must include a completed paper copy of Form 14704, Transmittal Schedule - Form 5500-EZ Delinquent Filer Penalty Relief Program (Revenue Procedure 2015-32). The completed Form 14704 must be attached to the front of the oldest delinquent return in the submission. Form 14704 can be found at www.irs.gov/ pub/irs-pd//f14704.pdf. See Rev. Proc. 2015-32, 2015-24 I.A.B. 1063, for more information.

# Filling Tips

To reduce the possibility of correspondence and penalties, we remind fliers:

- Use the online, fillable 2015 Form 5500-EZ on the IRS website. Complete and download the form to your computer to print and sign before mailing.
- Or, use the official printed paper Form 5500-EZ obtained from the IRS. Complete the form by hand using only black or blue ink. Be sure to enter your information in the specific line fields provided; sign and date the form before mailing.
- Or, use approved software, if available.
- . Do not use felt tip pens or other writing instruments that can cause signatures or data to bleed through to the other side of the paper. One-sided documents should have no markings on the blank side.
- Paper should be clean without glue or other sticky substances.
- Do not submit extraneous information such as arrows or notes on the form.
- Mail Form 5500-EZ for plan year 2015 to the IRS office in Ogden, Utah, to be processed. See Where To File In these instructions.
- A one-participant plan or a foreign plan that is eligible to file Form 5500-SF may elect to file Form 5500-SF electronically with EFAST2 rather than filing a Form 5500-EZ on paper with the IRS. See *EFAST2 Filing* System in these instructions.

# General Instructions

# Purpose of Form

Form 5500-EZ is used by one-participant plans and foreign plans that are not subject to the requirements of section 104(a) of the Employee Retirement Income Security Act of 1974 (ERISA) and that do not file Form 5500-SF electronically to satisfy certain annual reporting and filing obligations imposed by the Code.

Note. A one-participant plan or a foreign plan (as defined under Who Must File Form 5500-EZ) cannot file an annual return on Form 5500, Annual Return/Report of Employee Benefit Plan, regardless of whether the plan was previously required to file an annual return on Form 5500. Therefore, every one-participant plan required to file an annual return must file paper Form 5500-EZ with the IRS or electronically file Form 5500-SF using the EFAST2 Filing System in place of filing Form 5500-EZ.

# Who Must File Form 5500-EZ

You must file Form 5500-EZ for a retirement plan if the plan is a one-participant plan or a foreign plan that is required to file an annual return and you do not file the annual return electronically on Form 5500-SF.

A one-participant plan means a retirement plan (that is, a defined benefit pension plan or a defined contribution profit-sharing or money purchase pension plan), other than an Employee Stock Ownership Plan (ESOP), which:

 Covers only you (or you and your spouse) and you (or you and your spouse) own the entire business (which may be incorporated or unincorporated); or

- 2. Covers only one or more partners (or partners and their spouses) in a business partnership; and
- Does not provide benefits for anyone except you (or you and your spouse) or one or more partners (or partners and their spouses).

A one-participant plan must file an annual return unless the plan meets the conditions for not filing under Who Does Not Have To File Form 5500-EZ below.

A foreign plan means a pension plan that is maintained outside the United States primarily for nonresident aliens.

A foreign plan is required to file an annual return if the employer who maintains the plan is:

- A domestic employer, or
- A foreign employer with income derived from sources within the United States (including foreign subsidiaries of domestic employers) if contributions to the plan are deducted on its U.S. income tax return.

Do not file an annual return for a plan that is a qualified foreign plan within the meaning of trains section 404A(e) that does not qualify for the treatment provided in section 402(d).

Note. If you are not eligible to file the Form 5500-EZ for a plan that is subject to the reporting requirements in section 104 of ERISA, you must electronically file Form 5500 or, if eligible, Form 5500-SF.

# Who Does Not Have To File Form 5500-EZ

You do not have to file Form 5500-EZ for the 2015 plan year for a one-participant plan if the total of the plan's assets and the assets of all other one-participant plans maintained by the employer at the end of the 2015 plan year does not exceed \$250,000, unless 2015 is the final plan year of the plan. For more information on final plan years, see Final Return later,

Example. If a plan meets all the requirements for filing Form 5500-EZ and its total assets (either alone or in combination with one or more one-participant plans maintained by the employer) exceed \$250,000 at the end of the 2015 plan year, Form 5500-EZ must be filed for each of the employer's one-participant plans including those with less than \$250,000 in assets for the 2015 plan

#### How To File

Paper forms for filing. The 2015 Form 5500-EZ must be filed on paper. File the official IRS printed Form 5500-EZ or the downloadable form found on the IRS website; or use approved software, if available.

You can complete the online, fillable 2015 Form 5500-EZ found on the IRS website and download it to your computer to print and sign before mailing to the address specified in these instructions. See Where To

necessary. Paper forms are available from the IRS as discussed earlier in How To Get Forms and Publications.

Case 1:18-md-02865-LAK

Mandatory electronic filing. For 2014 and prior years, filers had the option of filing Form 5500-SF electronically or filing Form 5500-EZ on paper with the IRS. Beginning with the 2015 plan year, however, some filers are now required to file their annual returns electronically. A filer must file the Form 5500-SF electronically (see *EFAST2* Filing System) instead of filing a paper Form 5500-EZ if the filer is required to file at least 250 returns of any type with the IAS, including information returns (for example, Forms W-2 and Forms 1099), income tax returns. employment tax returns, and excise tax returns, during the calendar year that includes the first day of the applicable plan year. If a filer is required to file a Form 5500-SF electronically but does not, the filer is considered to have not filed the form even if a paper Form 5500-EZ is submitted. See Treasury Regulations section 301.6058-2 for more information on mandatory electronic filing of employee retirement benefit plan returns. The IRS may waive the requirements to file Form 5500-SF electronically in cases of undue economic hardship. For information on filing a request for a hardship walver, see Rev. Proc. 2015-47, 2015-39 I.R.B. 419, available at www.irs.gov/irb/ <u>2015-39 /RB/ar16.html</u>.

# **EFAST2** Filing System

One-participant plans and foreign plans may satisfy their filing obligation under the Code by filing Form 5500-SF electronically under EFAST2 in place of Form 5500-EZ (on paper).

One-participant plans and foreign plans need complete only the following questions on the Form 5500-SF:

- Part I, lines A, B, and C;
- Part II, lines 1a-5b, 5d(1), 5d(2), and 5(e);
- Part III, lines 7a-c, and 8a;
- · Part IV, line 9a;
- Part V, line 10g; and
- Part VI, lines 11–12e.

Under EFAST2, you must electronically file the 2015 Forms 5500 and 5500-SF using EFAST2's web-based filing system or you may file through an EFÄST2-approved vendor. The 2015 Form 5500-EZ will be filed on paper and cannot be filed with this electronic system. For more information, see the EFAST2 website at www.elast.dol.gov. For telephone assistance, call the EFAST2 Help Line at 1-866-GO-EFAST (1-866-463-3278). The EFAST2 Help Line is avallable Monday through Friday.

Note (1). A filer must file Form 5500-SF electronically instead of filing Form 5500-EZ If the filer is required to file at least 250 relums of any type with the IRS during the calendar year. See How To File for more information.

Note (2). If a filer is not subject to the IRS mandatory electronic filing requirement under Treasury Regulations section 301.6058-2, a Form 5500-SF may also be filed for a one-participant plan or a foreign plan instead of filing

Form 5500-EZ regardless of whether or not the plan covered more than 100 participants at the beginning of the plan year or satisfies other conditions listed in the Instructions for Form 5500-SF.

Note (3). Information filed on Form 5500-EZ and Form 5500-ŠF is required to be made available to the public. However, the information for a one-participant plan or a foreign plan whether electronically filed with EFAST2 using a Form 5500-SF or filed on paper using a Form 5500-EZ will not be published on the Internet.

# What To File

Plans required to file an annual return for one-participant (owners and their spouses) retirement plans or foreign plans may file Form 5500-EZ in accordance with its instructions. Filers of Form 5500-EZ are not required to file schedules or attachments related to Form 5500 with the 2015 Form 5500-EZ. However, you must collect and retain for your records completed Schedule MB (Form 5500), Multiemployer Defined Benefit Plan and Certain Money Purchase Plan Actuarial Information, If applicable, and completed and signed Schedule SB (Form 5500), Single-Employer Defined Benefit Plan Actuarial Information, if applicable. Even though you do not have to file the Schedule MB (Form 5500) or Schedule SB (Form 5500) with the 2015 Form 5500-EZ, you are still required to both perform an annual valuation and maintain the funding records associated with plan funding in the same manner as a plan for which the applicable schedule must be filed.

Eligible combined plans. The Pension Protection Act of 2006 established rules for a new type of pension plan, an "eligible combined plan," effective for plan years beginning after December 31, 2009. An eligible combined plan consists of a defined benefit plan and a defined contribution plan that includes a qualified cash or deferred arrangement under section 401(k). The assets of the two plans are held in a single trust, but clearly identified and allocated between plans. The eligible combined plan design is available only to employers that:

- Employed an average of at least 2, but no more than 500, employees on business days during the calendar year prior to the establishment of the eligible combined
- Employ at least 2 employees on the first day of the plan year that the plan is established.

Because an eligible combined plan includes both a defined benefit plan and a defined contribution plan, the Form 5500-EZ filed for the plan must include all the information that would be required for either a defined benefit plan or a defined contribution plan.

Note. The 2015 Schedule MB (Form 5500) and the 2015 Schedule SB (Form 5500) are available only electronically from the Department of Labor website at www.elest.dol.gov. You can complete the schedules online and print them out for your records. If you are a Form 5500-EZ filer, do not attempt to electronically file the Schedule MB or Schedule SB related to your 2015 Form 5500-EZ filing.

Note. If the filing due date falls on a Saturday, Sunday, or legal holiday, the return may be filed on the next day that is not a Saturday, Sunday, or legal holiday.

Late Filer Penalty Relief Program. The Department of the Treasury and the IRS established a permanent penalty relief program for late annual reporting for non-Title I retirement plans effective June 3, 2015. providing administrative relief to plan administrators and plan sponsors from the penalties otherwise applicable under sections 6652(e) and 6692 for failing to timely comply with the annual reporting requirements imposed under section 6058. If the Form 5500-EZ is being filed under this late filer penalty relief program, the applicant must print in red letters in the top margin above the form's title on the first page of the return: "Delinquent Return Submitted under Rev. Proc. 2015-32, Eligible for Penalty Relief." Each submission must include a completed paper copy of Form 14704 attached to the front of the oldest delinquent return in the submission. # Specific Instructions

# Part I – Annual Return Identification Information

Enter the calendar or fiscal year beginning and ending dates of the plan year (not to exceed 12 months in length) for which you are reporting information. Express the date in numerical month, day, and year in the following order "MMDDYYYY" (for example, "01/01/2015").

For a plan year of less than 12 months (short plan year), insert the short plan year beginning and ending dates on the line provided at the top of the form. For purposes of this form, the short plan year ends on the date of the change in accounting period or the complete distribution of the plan's assets.

#### First Return

Check box A(1) if this is the first filing for this plan. Do not check this box if you have ever filed for this plan, even if it was a different form (for example, Form 5500).

# **Amended Return**

Check box A(2) if you are filing an amended Form 5500-EZ to correct errors and/or omissions in a previously filed annual return for the 2015 plan year. The amended Form 5500-EZ must conform to the requirements under the How To File section earlier.

If you are filing an amendment for a "one-participant plan" that filed a Form 5500-SF electronically, you may submit the amendment either electronically using the Form 5500-SF with EFAST2 or on paper using the Form 5500-EZ with the IRS. If you are filing an amended return for a one-participant plan that previously filed on a paper Form 5500-EZ, you must submit the amended return using the paper Form 5500-EZ with the IRS.

# Short Plan Year

Check box A(4) if this form is filed for a period of less than 12 months. Show the dates at the top of the form.

For a short plan year, file a return by the last day of the 7th month following the end of the short plan year. Modify the heading of the form to show the beginning and ending dates of your short plan year and check box A(4) for a short plan year. If this is also the first or final return filed for the plan, check the appropriate box (box A(1) or A(3)).

#### Final Return

All one-participant plans should file a return for their final plan year indicating that all assets have been distributed.

Check box A(3) if all assets under the plan(s) (including insurance/annuity contracts) have been distributed to the participants and beneficiaries or distributed or transferred to another plan. The final plan year is the year in which distribution of all plan assets is completed.

# Extension of Time To File

Check box B if either of the following applies:

- 1. You are filing a Form 5558, Application for Extension of Time To File Certain Employee Plan Returns. (Do not attach Form 5558 to your Form 5500-EZ. See below for more information.)
- 2. You are using an extension based on the extended due date of your federal income tax return. (See the Note

A one-time extension of time to file Form 5500-EZ (up to 2% months) may be obtained by filing Form 5558 on or before the normal due date (not including any extensions) of the return. You must file Form 5558 with the IRS.

Approved copies of the Form 5558 will not be returned to the filer. A copy of the completed extension request must be retained with the plan's records.

See the instructions for Form 5558 and file it with the Department of the Treasury, Internal Revenue Service Center, Ogden, UT 84201-0045.

Note. Line A of the Form 5558 asks for "Name of filer, plan administrator, or plan sponsor". The name of the plan sponsor is generally the same as the employer name for a one-participant plan.

Note. Filers are automatically granted an extension of time to file Form 5500-EZ until the extended due date of the federal income tax return of the employer (and are not required to file Form 5558) if all of the following conditions

- 1. The plan year and the employer's tax year are the same:
- 2. The employer has been granted an extension of time to file its federal income tax return to a date later than the normal due date for filing the Form 5500-EZ: and
- 3. A copy of the application for extension of time to file the federal income tax return is retained with the plan's records.

Be sure to check box B at the top of the form. An extension granted by using this exception cannot be extended further by filing a Form 5558 after the normal due date (without extension) of Form 5500-EZ.

Retirement Topics - 401(k) and Profit-Sharing Plan Contribution Limits

Two armusi irmits apply to contributions

- · A limit on employee elective deferrels, and
- An overal limit on contributions to a participant's plan account (including the total of all employer contributions, employee elective deferrals and any torfeture allocations)

Deferral limits for 40 ((k) plans The limit on employee elective deferrats (for traditional and safe harbor plans) is

- \$18.000 to 2015 and 2018
- The \$18,000 smount may be increased in future years for cost-of-light adjustments.

Generally, you aggregate all elective deferrate you made to all plans in which you participate to Celembra if you have seconded these brills if a plan particular is also deformed and more than the ennual limit, and out hove you can sometime plan mistake

Deferral limits for a SIMPLE 401(k) plan The limit on employee elective deferrals to a SiMPLE 401(k) plan is

· \$12,500 in 2015 and 2016

- This amount may be increased in funds years for cost-of-living adjustments

Plan-based restrictions on elective defensis These restrictions may further reduce the maximum allowable elective defensis

- Your plan's terms may impose a lower limit on elective deferrels
- If you are a manager, owner, or highly compensated employee your plan might need to limit your elective defemals to pass nondiscrimination tests

Catch-up contributions for those age 50 and over If permitted by the 40 ((k) plan, pericipants who are age 50 or over at the end of the catendar year can also make <u>calcit-un contributions</u>. The additional elective deferrals you may contribute is

- \$5,000 in 2015 and 2016 to traditional and sale harbor 401(t) plans
- \$3,000 in 2015 and 2016 to SHAPLE 401(k) plans
- . These accounts may be increased in future years for gost of trying adjustments

You don't need to be "behind" in your plan contributions in order to be eligible to make these additional elective defenals.

Catch-ups for participants in plans of unrelated employers If you perficipate in plans of different employers, you can trast amounts as catch-up contributions regardless of whether the individual plans permit those contributions. In this case, it is up to you to monitor your defensis to make sure that they do not exceed the applicable limits.

Example: If Joe Sever, who's over 50, has only one angloyer and participates in that amployer's 401(k) plan, the plan would have to permit catch-up contributions before he could defer the maximum of \$24,000 for 2015 (the \$16,000 regular limit for 2015 plus the \$8,000 catch-up limit for 2015). If the plan didn't permit catch-up contributions, the most Joe could defer would be \$16,000 However, if Joe participates in two 401(k) plans, each maintained by an unrateted employer, he can dalar a total of \$74,000 even it neither plan has catch-up provisions. Of course, Joe couldn't defer more than \$18,000 under either plan and he would be responsible for monitoring his own encitations

The rules relating to catch-up contributions are complex and your limits may differ according to provisions in your specific plan. You should contact your plan administrator to find out whether your plan administrator to find out whether your plan atows continuous contributions and how the catch-up rules apply to you

Treatment of excess deferrels

You have an <u>excess defens</u>! If the loted of your elective defennes to all plans is more than the results a series of the first for the year You may notify your pien administrator before April 15 of the following year that you would the the success defended erround, adjusted for any gains and bases, to be paid from the pien. The pien must then pay you that amount plus allocable earnings by April 15 of the year following the year in which the excess occurred.

Excess withdrawn by April 16. If you withdraw the excess determiner 2015 by April 15, 2016, it is includable in your pross income for 2015, but not for 2016. The April 15 date is not sed to the due date for your return. However, any income served on the success defends taken out is toughte in the tax year in which it is taken out. The distribution is not subject to the additional 10% too on early

Excess not withdrawn by April 15. If you don't take out the excess deferred by April 15, 2016, the excess, thought isosable in 2015, is not included in your cost basis in figuring the isosable amount of any eventual distributions from the plan. In effect, an excess deferred left in the plan is taxed twice, once when combinated and again when distributed Also, if the entire deferred is altowed to stay in the plan. The plan row you'll be a qualified plan.

Reporting corrective distributions on Form 1985-R. Corrective distributions of excess deterrais (including any samings) are reported to you by the plan on Form 1085-F, (listributions From Pensions, Annutites, Retirement or Profit-Sharing Plans, IRAs, Insurance Contracts, atc

Overall limit on contributions

Total secural cureflections (some significant) to said your accounts in plans melhished by one employer (and any related employer) are limited. The first applies to the total of

- elective defensis
- employer mething contributions
- · employer nonelective contributions
- · allocations of todeltures

The arrusi additions paid to a <u>perticipant's</u> account cannot exceed the lesser of

- 1. 100% of the participant's companisation, or
- 2. \$53,000 (\$59,000 including exich-up contributions) for 2015 and 2016

There are separate, smaller limbs for SIMPLE 401(k) plans

Example 1: Grag, 46, is employed by an employer with a 401(k) plan and he also works as an independent contractor for an unrelated business. Grag sets up a solo 401(k) plan for his independent contracting business. Grag contributes the maximum amount to his employed's 401(k) plan for 2015, \$18,000. Grag would also like to contribute the maximum amount to his solo 401(k) plan. He is not able to make hurther elective determins to his solo 401(k) plan because he has attracty contributed his personal maximum, \$18,000. He has enough exerned income from his business to contribute the overell meximum for the year, \$53,000. Giveg can make a nonelective contribution of \$53,000 to his acto 401(k) plan. This first is not reduced by the efective deferrals under his employer's plan because the Birth on arguel additions applies to each plan separately

Example 2: In Example 1, 8 Greg were 52 years old and alighbis to make calcin-up contributions, he could contribute an additional \$6,000 of elective defented for 2015, his catch-up contribution could be spill behave in the plans in any proportion he choose. His maximum numeric dive contribution to his sole 401(k) plan would remain \$55,000 even if he contributed the full \$6,000 catch-up contribution to this plan.

Companiation limit for contributions

Remember that amusi contributions to all of your accounts - this includes elective defensels, restrictions assess commissions as an a year accounts - the recentres escoure deserges; amplying establishing of foreigness for year compensation of foreigness for year compensation or so; for 2016 and 2016. In addition, the amount of your compensation inst can be taken into eccount when determining employer and employer contributions is Smited. The compensation tentation is \$285,000 in 2015 and 2016.

### One-Participant 401(k) Plans

A one-participant 401(k) plan is sometimes called a

- \* Solo 401(k)
- Solo-k
- Uni-k
- · One-participant k

The one-participent 401(k) plan isn't a new type of 401(k) plan, it's a traditional 401(k) plan covering a business owner with no employees or that person and his or her spouse. These plans have the same rules and requirements as any other 401(k) plan.

Contribution limits in a one-participant 491(k) plan

The business owner wears two hals in a 401(k) plan employee and employer. Contributions can be made to the plan in both capacities. The owner can contribute both

- Elective deferrals up to 100% of compensation ("samed accome" in the case of a self-employed additional) up to the social contibution limit.
   \$18,000 in 2015 and 2018, or \$24,000 in 2015 and 2016 if age 50 or over; plus
   Employer consistive contributions up to:

  - 25% of compensation as defined by the plan, or
  - · for self-employed individuals, see discussion below

if you've exceeded the limit for elective defenses in your 401(k) plan find out how to correct this

Total contributions to a participant's account, not counting calch up contributions for those ago 50 and over, cannol exceed \$53,000 for 2015 and 2018.

Example: Ben, age \$1, earned \$50,000 in W-2 wages from his 5 Corporation in 2015, He deferred \$18,000 in regular elective deferrals plus \$5,000 in calch-up contributions to the 40 (it) plan. His business contributed 25% of his compensation to the plan, \$12,500. Total contributions to the plan for 2015 were \$36,500. This is the maximum that can be contributed to the plan for Ben for 2015.

A business owner who is also employed by a second company and participating in its 401(s) plan should bear in mind that his limits on elective deferrals are by person, not by plan, He must consider the limit for all elective deferrals he makes during a year

Contribution limits for self-employed individuals

You must make a special computation to figure the maximum amount of elective deferrals and nonelective combinations you can make for yourself, When figuring the contribution, compensation is your "earned income," which is defined as not summings from self-employment after deducing both

- · one-half of your self-employment tax, and
- · contributions for yourself

Use the rate table or worksheets in Chapter S of IRS <u>Publication 560</u> "Retrament Plans for Small Susiness," for figuring your aboveble contribution rate and tax deduction for your 401(k) plan contributions. See also Calculating Your Own Rathement Plan Contribution.

Testing in a one-participant 401(k) plan

A business owner with no common-law employees doesn't need to perform nondiscrimination testing for the plan, since there are no employees who could have received dispersic benefits.

The no-lessing advantage vanishes if the employer hires employees, No matter what the 401(k) plan is called by a pian provider, it must meet the rules of the internal Playeruse Code. If you here amployees and they must the pian eaglicity requirements, you must include them in the pian and their elective deferrals will be subject to nondiscrimination testing (unless the 401(k) plan is a sefe harbor plan or other plan exempt from testing).

If you excluded sigible employees from your 401(k) plan, find out how to consci this mistake.

A one-participant 401(s) plan is generally required to life an annual report on <u>Form 5500-SF</u> if it has \$250,000 or more in assets at the end of the year. A one-participant plan with fewer assets may be exempt from the annual Ring requirement.

Alternatives to a one-participant 401(k) plan Possible plans for a business owner include:

- \* 2541 \* 154 or 8001 184 \* Other **19003 of** class

## Relirement Topics - SIMPLE IRA Contribution Limits

#### SMAPLE IRA contributions include

- 1 Salary reduction contributions and
- 2 employer contributions, a matching contributions or b nonstactive contributions

No other contributions can be made to a SIAIPLE IRA plan

#### Salary reduction contributions

The amount an employee contributes from their salery to a SIMPLE ITA cervict exceed \$12,500 to 2015 and 2016

If an amployee participates in any other employer plan during the year and has stactive solary reductions under those plans, the total amount of the solary reduction contributions that an employee can make to all the plans he or she participates in is limited to \$18,000 in 2015 and 2016. See gigg than some atom

Catch-up contributions. If permitted by the SIMPLE IRA plan, participants who are age 50 or over at the end of the calendar year can also make <u>catch up contributions</u>. The catch-up contribution and for SIMPLE IRA plans is 33,000 in 2015 and 2016.

#### Employer matching contributions

The amployer is generally required to match each employed's salery reduction contributions on a dollar-for-dollar basis up to 3% of the employee's compensation. This requirement does not apply if the employer makes nonelective contributions trateged.

Lower percentage. An employer may choose to make a matching contribution less than 3% but
it must be at less! 1% and for no more than 2 out of 5 years. See <u>Seeke \$8.4</u> for more
information. The employer must <u>cutify</u> the employees of the lower match within a reasonable
period before the 50-day <u>circlion period</u> for the cutender year.

#### Nonelective contributions

instead of matching contributions, an employer can choose to make nonelective contributions of 2% of each aligible employee's compensation. If the employer makes this choice, it must make nonelective contributions whether or not the employee thouses to make solery reduction. contributions. An employee's compensation up to \$255,000 (for 2015 and 2015) is taken into scount to figure the contribution limit

If the employer chooses this 2% contribution formula, it must notify the employees within a reasonable period before the SO-day glassion period for the calendar year

If you miscalculated elective deferrate and employer contributions and contributed less than required by the SIMPLE IRA plan document, find out how to correct this mistake

If you haven't threly given the surrust notice to all eligible employees. Rut out how to 3331853 this

Time limits for contributing funds
Employers must deposit employees' salary reduction commissions to the SIAPLE IFA within 30 days
after the end of the mostly is which the employer would have received them in cash. They must
make matching contributions or nonslective contributions by the due date (including extensions) of their federal income tax return for the year.

If your plan is subject to <u>Opportunant of Labor (yier)</u> you may have to deposit amployees deferrals sooner. Generally plans that benefit employees titles than an owner-employees (and spouse) are subject to the Department of Labor rules. These rules require you to transfer your employees elective deferral confidences to their SIMPLE IPAs at the earliest date on which the employer can reasonably segregate the confidences from the employer's general assets. There is a 7-day safe harbor to deposit elective deferrate for which most SiMPLE IRA plans quality

If you haven't deposted selery reduction contributions to employees. SMPLE IRAs by the above dates, find out how you can <u>correct</u> this mistake.

- Adopt s written plan,
- · Arrange a trust fund for the plan's essets
- Davelop a recordkeeping system, and
- Provide plan information to participants

Adopt a written plan - Plans begin with a written document that serves as the foundation for day-today plan operations. If you have hired someone to help with your plan, that person likely will provide it. If not, consider obtaining assistance from a financial institution or retirement plan professional. In either case, you are bound by the terms of the plan document.

Before beginning a plan document, however, you will need to decide on the type of 401(k) plan that is best for you - a traditional 401(k), a safe harbor 401(k), or a SIMPLE 401(k) plan

A traditional 401(h) plan offers the maximum flexibility of the three types of plans. Employers have discretion as to make contributions on behalf of all participants, to match employees' deterrats, or do both. These contributions can be subject to a vesting achedula (which provides that an employee's right to employer contributions becomes nontorietable only after a period of time). In addition, a traditional 401(k) allows participants to make pre-tax contributions through payroll deductions. Amusi leading ensures that benefits for rank-and-file employees are proportional to benefits for owners/managers

A safe herbor 401(k) plan is similar to a traditional 401(k) plan, but, among other things, must provide for employer contributions that are fully vested when made. However, the safe harbor 401(k) is not subject to many of the complex tax rules that are associated with a traditional 401(k) plan. including annual nendiscrimination testing

An <u>Suformatic annoêment 401th) olen</u> saows an employer to automatically deduct a fixed percentage or amount from an employee's wages and contribute that amount to the rethement plan unless the employes has affirmatively chosen to contribute nothing or a different amount. These automatic enrollment contributions qualify as <u>elective deferrals</u>

- Revenue Rulina 2009-30 demonstrates ways a 40 l(k) plan sponsor can include automatic
- contribution increases in its plan <u>Notice 2009-65</u> provides sample automatic enrollment plan language that a 401(k) plan sponsor can adopt with automatic IRS approval

The traditional, safe harbor and automatic enrollment 401(k) plans are for employers of any size and can be combined with other retirement plans

A SIMPLE 401(k) plan was created so that small businesses could have an effective cost-efficient way to offer retirement benefits to their employees. A SIMPLE 401(k) plan is not subject to the annual nondiscrimination tests that apply to the traditional plans. Similar to a safe harbor 401(k) plan however, the employer is required to make employer contributions that are hely vested. This type of 401(k) plan is available to employers with 100 or fewer employees who received at least \$5,000 in compensation from the employer for the preceding calendar year. In addition, employees that are covered by a SIMPLE 401(k) plan may not receive any contributions or banefa accruals under any other plans of the employer,

Once your have decided on the type of plan for your company, you will have flaxibility in choosing some of the plan's isstures — such as which employees can contribute to the plan and how much. Other features written into the plan are required by law For instance, the plan document must describe how certain key functions are carried out, such as how contributions are deposited in the

Arrange a trust fund for the plan's assets - A plan's assets must be held in trust to assure that assets are used solely to benefit the participents and their beneficiaries. The trust must have at least one bruster to handle contributions, plan investments, and distributions to and from the 401(k). plan. Since the financial integrity of the plan depends on the trustee, this is one of the most important decisions you will make in establishing a 401 (k) plan. If you set up your plan through insurance contracts, the contracts do not need to be held in trust.

Develop a recordiseping system - An accurate recordseeping system helps track and properly Davidop a recordasaphing system - An accurate recordasepany system neupa usics and property attributions, as manings and losses, plan invasiments, expense and benefit distributions in participants' accounts. If you have a contract administrator or financial institution assist in managing the plan, that antity typically will help in keaping the required records. In addition, a recordaseping system will help you, your plan administrator, or financial provider prepare the plan's amount return/report that must be filed with the Federal government.

Provide plan information to employees - As you put your 401(k) plan in place, you must notify employees who are eligible to participate in the plan about your plan's benefits and requirements. A summary plan description, or SPD, is the primary vehicle to inform participants and beneficiaries about the plan and how it operates. The SPD typically is created with the plan document. You will need to send it to stip plan perficipants in addition you may want to provide your employees with information that emphasizes the advantages of joining your 401(k) plan Employee parks - such as pre-tax contributions to a 401(k) plan (or tax-free distributions in the case of Roth 401(k)s), employer contributions (if you choose to make them), and compounded tax-deferred earnings - help highlight the advantages of participating in the plan.

# Choosing a Retirement Plan: Profit-Sharing

A profit-sharing plan accepts discretionary employer contributions. There is no set amount that the law requires you to contribute if you can afford to make some amount of contributions to the plan for a particular year, you can do so. Other years, you do not need to make contributions. Also, your business does not need profits to make contributions to a profit sharing plan

If you do make contributions, you will need to have a set formule for determining how the contributions are divided. This money goes into a separate account for each employee

One common method for determining each participant's allocation in a profit-sharing plan is the "comp-to-comp" method. Under this method, the amployer calculates the sum of all of its employees." compensation (the local comer and mornou, we employer calculates the sum or as or as employer compensation (the local compensation demployee's allocation of the employer's contribution, you divide the employee's compensation (employee's coron) by the total comp You then multiply each employee's fraction by the amount of the employer contribution. Using this method will get you each employee's share of the employer contribution.

if you establish a profit-sharing plan, you

- Can have other retirement plans Can be a business of any size
- · Need to annually file a Form 5500

As with 401(k) plans, you can make a profit-sharing plan as simple or as complex as you want. You may purchase a pre-approved profit-sharing plan document from a banefits professional or financial institution to cut down on administrative headaches

#### Pros and cons

#### Contribution limits

# Retirement Plans for Self-Employed People

Are you self-employed? Did you know you have many of the same options to save for retirement on a lax-deferred basis as employees participating in company plans?

Here some highlights of your retirement plan options

#### Simplified Employee Pension (SEP)

Contribute as much as 25% of your net earnings from self-employment (not including contributions for yourself), up to \$53,000 (for 2015 and 2016)

Establish the plan with a simple one-page form

#### 1. complete

- Form 5305-SEP, Simplified Employee Pension Individual Retirement Accounts Contribution
- an IRS-approved "prototype SEP plan" offered by many mutual funds, banks and other financial Institutions, and by plan administration companies, and
- 2 open a SEP-IRA through a bank or other financial institution

Set up the SEP plan for a year as tate as the due date (including extensions) of your income tax return for that year.

#### 401(k) plan

- Make salary defensis up to \$18,000 in 2015 and 2016 (plus an additional \$6,000 if you're 50 or older) either on a pre-lax basis or as designated Roth contributions
- Contribute up to an additional 25% of your net earnings from self-employment for total contributions of \$53,000 for 2015 and 2016, including salary deferrals
- Tailor your plan to allow access to your account balance through <u>loans</u> and <u>hardship</u> distributions

A one-participant 401(k) plan is sometimes referred to as a "solo-401(k)," "individual 401(k)" or "uni-401(k)." It is generally the same as other 401(k) plans, but because there are no employees other than your spouse who work for the business, it is exempt from discrimination testing

# Savings Incentive Match Plan for Employees (SIMPLE IRA Plan)

You can put all your net earnings from self-employment in the plan up to \$12,500 in 2015 and 2016 (plus an additional \$3,000 if you're 50 or older) plus either a 2% fixed contribution or a 3% matching contribution.

#### Establish the plan:

- 1 complete
  - · Form 5305-SIMPLE. Savings Incentive Match Plan for Employees of Small Employers (SIMPLE) - for Use With a Designated Financial Institution,
  - <u>Form 5304-SIMPLE</u>, Savings Incantive Match Plan for Employees of Small Employers (SIMPLE) Not for Use With a Designated Financial Institution, or
     an IRS-approved "prototype SIMPLE IRA plan" offered by many mutual funds, banks and
  - other financial institutions, and by plan administration companies, and
- 2. open a SIMPLE IRA through a bank or another financial institution
  - Set up a SIMPLE IRA plan at any time January 1 through October 1. If you became settemployed after October 1, you can set up a SIMPLE IRA plan for the year as soon as administratively feasible after your business starts

- Profit-sharing plan: allows you to decide how much to contribute on an annual basis, up to 25% of compensation (not including contributions for yourself) or \$53,000 for 2015 and 2016
- Money purchase plan requires you to contribute a fixed percentage of your income every year up to 25% of compensation (not including contributions for yourself), eccording to a formula stated in the plan

# Defined benefit plans

- Traditional pension plan with a stated annual benefit you will receive at retirement, usually based on salary and years of service
- Benefit may also be defined based on a cash balance formula in a hypothetical individual account (a cash balance plan)
- Maximum annual benefit can be up to \$215,000 for 2015 and 2016
- Contributions are calculated by an actuary based on the benefit you set and other factors (your age, expected returns on plan investments, etc.), no other annual contribution limit

#### What's a Keogh plan?

Retirement plans for self-employed people were formerly referred to as "Keogh plans" after the taw that first allowed unincorporated businesses to sponsor retirement plans. Since the law no longer SKAT Fredensborg distinguishes between corporate and other plan aponsors, the term is seldom used.
